I have grave concerns around the following issues:

Safety & access to my hospital for emergencies

Congestion

AIR QUALITY

ENVIRONMENTAL ISSUES as our area is dependent on wells for water and the health of the eco systems that maintain that health, ie Cuban Marsh and wetlands

Quality of LIFE as noise levels increase

ALSO, CN has only given an estimate of increased traffic. It appears to me that they will be "selling" this new route around Chicago to whomever would benefit by it and, therefore, traffic could increase MUCH MORE than they claim it would!

Thank you
